

Delgrupp Problem, diagnos och åtgärd

Möte 5 2026-06-24

Johanna Hellberg, Jonas Pihlgren

Deltagare på mötet

- Anette Aronsson, E-hälsomyndigheten
- Emma Lee, E-hälsomyndigheten (förhinder)
- Ida Kindlund, Capio
- Johanna Hellberg, E-hälsomyndigheten (semester)
- Jonas Pihlgren, E-hälsomyndigheten
- Malin Ljunggren, E-hälsomyndigheten
- Robel Malki, E-hälsomyndigheten (delvis förhinder)

Agenda

- Frågor från förra gången
- Summering möte tandvård 22/6
- Begreppsarbete, forts (fr o m Complication)
- Summering av dagens möte
- Nästa möte

Frågor ?

Summering möte tandvård 22/6

Begreppsarbete

Begreppsarbete

Titta på EHDS begrepp för åtgärder

- Vad betyder de?
- Översättning - har vi någon motsvarande svensk benämning?
- Finns några övriga viktiga begrepp för områdena som vi behöver få med? Vilka?
- Ta fram beskrivning eller använd befintlig nationell definition

Åtgärder

Note

Procedure

List of procedures

Basic information about a procedure performed on or for a patient.

This includes surgical, therapeutic, and diagnostic procedures, as well as specimen collection. Does not cover procedures in the planning stage.

Code (type of procedure)

Concept code and display name identifying the type of procedure

Snomed CT

Author

Author responsible for the provided information.

Kan (enligt EHDS) vara:

Health professional

Organisation

Device

Status

Status of the procedure (e.g. completed, on hold, stopped)

Procedure date

Date and time of the procedure or interval of its performance

Performer

Actors who performed the procedure (only main responsible actors expected)

Kan (enligt EHDS) vara:

Health professional

Body site

Target body site of the procedure. Laterality may be included as a qualifier of the body site.

Reason

The reason the procedure was performed. This may be a concept from a terminology or a reference to a specific instance that describes the reason.

Kan (enligt EHDS) vara:

Snomed CT, ICD-10, Orphacode eller

Condition eller Observation eller Procedure

Outcome

The immediate result of the procedure (e.g. successful, unsuccessful). This does not include assessment over a longer period of time.

Complication

Any complications that occurred during the procedure, or in the immediate post-procedure period.

These are generally tracked separately from the procedure description, which will typically describe the procedure itself rather than any 'post procedure' issues.

ICD-10, Snomed CT

Device used

Device used to perform the procedure

Focal device

Device(s) that is/are implanted, removed, or otherwise manipulated (calibration, battery replacement, fitting a prosthesis, attaching a wound-vac, etc.) as a focal portion of the Procedure.

Note

Additional information about the procedure

Summering av mötet

Nästa möte
